The group chat in the mobile game Clash Royal started with User d0b challenging someone to prove something. User 656 took up the challenge, but User d0b warned him not to act like a "dikkhed." User 656 was later kicked out of the chat. User d0b then talked about different decks in the game, emphasizing that matchups and counters are essential to winning. User 37d briefly joined the chat and made a negative comment about the clan before leaving. The conversation then shifted to upgrading cards and discussing the 7x mode of the game. User 8a1 expressed relief about not being present during a previous incident and talked about a princess card.

Recognized: join_hate_leave. Recognized: offended_leave.
